In case you already nominated your own forwarder/carrier, please ensure that the loading schedule should be known to us 24 hrs prior to loading. For ISPS registration please advise us the number of the registration plate and the name of the driver within the same period. This avoids waiting time at the entrance gate to our port and at the warehouses.

All documents for the transport will be handed over during the office hours: **08.00 a.m. – 05.00 p.m.**
