BLG LOGISTICS is a seaport and logistics service provider with an international network. For more than 140 years, our hallmark has been logistics driven by both passion and pragmatism. We create logistics for our customers in trade and industry by applying our expertise to develop and implement innovative, highly sophisticated and future-oriented solutions.

Today, the BLG Group is represented on all the world's growth markets, with almost 100 locations and branches in Europe, America, Africa and Asia. Our AUTOMOBILE and CONTAINER Divisions are leaders in Europe. Our CONTRACT Division is among Germany's leading providers.

BLG LOGISTICS aims to be climate-neutral by 2030. In fact, we are the first German logistics service provider with a scientifically recognized climate protection goal. As an employer, we foster a personal touch, value our employees' contribution and keep our sights firmly on the future. Including all associated companies, BLG LOGISTICS currently provides some 20,000 jobs worldwide. The BLG Group is headquartered in the Free Hanseatic City of Bremen.
